This tipsheet is to show you how to access the LaPOST Registry training environment.

Want to practice?

1. Follow the link to register for the training environment:
   https://online.training.vyncahealth.com

2. You will receive an email from vyncahealth.com with a link to the training site and a hypothetical scenario you can use to practice.

You can access our training portal here.
Click on the link, select the appropriate role and follow the steps provided to access the LaPOST Registry training environment.
